What we do..... What you do.....

We will dismantle and transport to your site the above spraybooth .

The booth will be erected in an agreed position of your workshop, while replacing all necessary worn parts and filters.

As standard we replace all

fluorescent light tubes for new daylight colour match.

The spraybooth will be commissioned and left with one years warranty upon final payment.

What you do.....

Supply a level base or pit to our drawing dimensions.

Arrange electrical, air, and fuel supplies to the spraybooth.

Arrange duct opening & closings.

Agree to our payment terms.
